

Hewes Middle School

Rich Past • Bold Future

Exploratory Comprehensive Middle School Experience

Exploratory Comprehensive Middle School Experience

Hewes is a middle school, serving students in 6th to 8th grade, allowing students an opportunity to build relationships, explore their interests, and participate in clubs and school activities. Staff is dedicated to providing learning opportunities that will promote critical thinking, collaboration, and problem-solving.

CTE Pre-Pathway Courses

Hewes students have the opportunity to take courses such as Automation and Robotics, Culinary Arts, Computer Apps, Design and Modeling, Video Production and Wood Engineering, Design and Fabrication that align with our district's Career Technical Education (CTE) Pathways and align with the many courses available at the high school level.

Exploratory Electives

Hewes offers many electives to allow students the learning experiences they need to find interests they enjoy. Some electives include art, AVID, band, chorus, drama, home economics, leadership, Spanish, theater arts, yearbook and all of the CTE pre-pathway courses. All 6th graders have the opportunity to experience four electives through exploratory wheel.

After School Programs & Clubs

Enrichment and support programs are available to students. Students have the opportunity to participate in various clubs like Friends of Rachel club, Junior FBI Agent Academy, Drama club, Robotics, WEB mentoring program, and Tustin Public School Foundation Sports.

Challenge Success

Hewes has partnered with Stanford University's Challenge success program to redefine what success looks like for all students. Students and parents have the opportunity to share their input on what will make school relevant and valuable to promote student well-being and engagement with learning.

Community & Culture

Staff and students work together creating a community of learners ready to thrive in the 21st century. The Hewes family believes the students of Hewes will make an impact on this world and provides many opportunities for students to help build a positive, inclusive culture.

Respect • Responsibility • Results
